

419HY Alfalfa

419HY is meant for producers who want to maximize their yield potential! This product is designed to fit a four cut system and offer top end yield potential without sacrificing quality or agronomics!

419HY is a well rounded product that can handle most well-drained soils. It is best suited for a 28-30 day cutting rotation.

DRI:	35/35	FD:	4.3
Yield:	10.0	WSI:	1.7
