

# BENEFIX BASIC

What's in the mix?

Annual Ryegrass

Crimson Clover

Nitro Radish

Seeding Rate: 15 - 20#/ ac

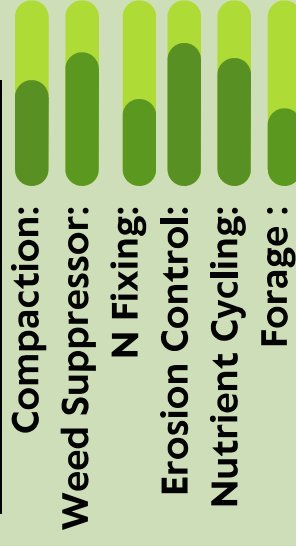

Seeding Date: Aug 15 - Sept 25

## beNeFIX BASIC

This mix is designed for a producer looking to start diversifying their cover crops. This mix is well suited to go ahead of corn or soybeans. The crimson clover is capable of fixing nitrogen, while the annual ryegrass and radish help to reduce erosion and recycle nutrients!

**Management Experience: Intermediate (1-2 years cover cropping)**
