

MGF Horse Royale™ Mixture

Our MGF Horse Royale is designed to help meet the nutritional needs of equine in a grazing pasture. This mixture offers soft-leaved tall fescue*, premium timothy, grazing-tolerant orchardgrass, tetraploid perennial ryegrass and forage Kentucky bluegrass.

*The tall fescue in the mixture is endophyte free and safe for all classes of livestock.

This mix is designed to be attractive and stand up to the rigors of being stocked with horses.

Seeding Method: Drill or Broadcast

Seeding Rate: 25# for new seedings, 10 - 15# overseeding

Seeding Depth: 1/4" - 1/2"

Seeding Dates: 3/1 - 5/1 or 8/15 - 9/20

Notes: Comes in 50# bags.
