

Optimum LH/RR

Optimum LH/RR offers an easy management system for those looking to simplify their alfalfa production. With potato leaf hopper resistance and glyphosate tolerance, Optimum LH/RR gives producers several tools!

This product offers the ability to use RoundUp® Products to control problematic weeds. Those who purchase this product MUST SIGN A TECHNOLOGY AGREEMENT.

Optimum /RR comes with a replant policy that if notified of a problem within 60 days of establishment, replant seed is 50% retail cost.
